ABOUT US

The Oakville Symphony is recognized as one of Canada's most successful community orchestras.

Regularly performing to sold-out audiences during our subscription season of four weekend concerts, the Oakville Symphony plays an important role in our town's cultural scene.

Local musicians embrace their passion and talent for performance, and provide concert-goers with an intensely-profound orchestral experience.

Outstanding Canadian and international guest artists are drawn to the professionalism and excellence of our conductor and orchestra.

Our outreach into the community – via small ensembles at schools, retirement residences and the hospital, as well as our Maestro's speaker events – ensures our position as one of Oakville's cultural leaders.

MISSION

The Oakville Symphony (founded in 1967) is a thriving community orchestra which enriches our community's culture by bringing the inspirational experience of music to its musicians and audiences of all ages.
